To the President and members of the Oregon State Temperance Union: We, your Committee on Political Action, beg leave to submit the following: That we cordially concur in the action of the Grand Lodge of Good Templars of this State, as embodied in the report of a like committee appointed by that Grand body on Political Action necessary to procure wholesome legislation on the subject of temperance, and requesting this body to appoint a committee of three to act in conjunction with Tilmon Ford, W. R. Dunbar and N. Martin in drafting a temperance law and circulating petitions for signatures, and the following portions of the report of said committee are respectfully adopted as the report of your committee:

"That we circulate, in the several counties of the State, petitions to the Legislative Assembly of Oregon, praying that all laws licensing the sale of intoxicating liquors in this State be repealed, and, in place thereof, that just and binding laws be passed, prohibiting their sale as a beverage forever in the State of Oregon, and that the committee be instructed to draft and present to the next Legislature, for enactment—first, a stringent prohibitory law, and that the stringent features of the late Indiana law, so far as applicable, be incorporated in said law; second that they draft a bill and present it with the petitions to the Legislature that convenes in 1874, and do all in their power to secure its passage."

Your committee recommend that, while acting in conjunction with the Grand Lodge of Good Templars, we do further invite all religious and moral societies, having for their object the amelioration of mankind, to take action and appoint committees to assist in furthering and accomplishing the great end desired; and your committee further recommend the appointment of E. W. Ryan, W. B. Carter and Syl. C. Simpson as the committee to act in carrying out the above provisions in behalf of the State Temperance Union.

On motion it was voted that the report be recommitted to the Committee on Political Action.

The Committee on Political Action then made the following report:

To the President and members of the Oregon State Temperance Union: We, your committee on political action, beg leave to report as follows:

That we cordially concur in the action of the Grand Lodge of Good Templars of this State, as embodied in the report of a like committee appointed by that Grand Lodge on the political action necessary to procure wholesome legislation on the subject of temperance. As said Grand Body desires and requests our co-operation, we would recommend the appointment of a committee consisting of E. W. Ryan, J. B. McClane, W. B. Carter, Syl. C. Simpson, and A. B. Cooper, whose duty it shall be to secure the services of a competent person or persons to draft a stringent prohibitory law with the principle of the "civil damage" law incorporated therein, and have the same presented to our next Legislature for enactment as the law of the land, and to secure the services of a competent person or persons to appear before the said Legislature and argue in favor of the passage of said law, its legality and the necessity of the same, and all points necessary to secure its adoption as the law of the State, and also to have drafted the "local option" liquor law, also a "civil damages" liquor law—and also a law containing such amendments to the law at present on our statute as may be necessary to render its provisions thoroughly effective, and such other laws as may seem best adapted to the cause of temperance, and that copies of said laws be retained in the hands of the committee, subject to such use as may seem judicious and desirable, and that it shall be the duty of said committee to inaugurate and carry out plans for soliciting contributions for the purpose of remunerating said person or persons, and advise such further ways and means as may be essential to the accomplishment of their objects, and further, that said committee be authorized to draft and circulate in each county petitions to our Legislative Assembly, praying that all laws licensing the sale of intoxicating liquors in this State be repealed, and in place thereof that just and binding laws be passed prohibiting their sale as a beverage forever in the State of Oregon, and that this committee shall confer with such other committees as have been or may be appointed for similar purposes, and that they report to the Union at its next session. And your committee would further suggest that we cordially invite all religious and moral societies, and the temperance workers throughout the State to join with us and assist in accomplishing these desirable and important objects. Respectfully submitted,

R. REID, Ch'n Com.

The report was adopted as was also the following by the same committee:

Your committee to whom was referred the work of preparing Constitution and By Laws for the government of Auxiliary Societies would report that their conclusion is that it would be best to leave the matter to the societies.

The Committee on Resolutions offered the following which was adopted:

Resolved, That the altogether prevalent practice of drug stores throughout our State of selling intoxicating drinks as a beverage on all days of the week, under the miserable disguise of "Medicinal purposes," deserves and should receive the hearty condemnation of all temperance men and women, and that suitable legislation should be had to restrain the wolf in sheep's clothing.

We, your committee, heartily commend the above resolution for your approval.

W. S. McMEEN,
W. S. LEWIS,
J. B. McCLANE,
E. F. HEROY,
J. S. JOHNSON,

T., and in connection with that body publishing an Organ equally owned and controlled by the Grand Lodge and the Union, the same to be published at

We, your Committee on Resolutions, recommend in regard to the above resolution that a Committee of three be appointed to confer with the Executive Committee of the Grand Lodge of Good Templars, which meets at 8 o'clock on Saturday, at the St. Charles Hotel, Albany, Oregon, and to report to this body at the morning session.

Be it Resolved, That the Union has been highly gratified by the efficient manner in which its officers have discharged their various and responsible duties, especially in the impartial and gentlemanly manner in which our Chairman, E. Also to the citizens of Albany for their many tokens of kindness and sympathy extended to this Union, and also to members of various denominations who have favored us with their presence and co-operation. Also to the choir, led by Father Harmon, and to the various speakers who together added so much to the interest of the meeting, and further that a vote of thanks be given to the railroad and steamboat companies who have so kindly reduced the fare on the lines of travel for the benefit of our Representatives.

An effort was made to include the reporters, but as the result of their labors was not as yet known they were not included.

The committee appointed to confer with the Executive Committee of the I. O. G. T., regarding the publication of a paper, submitted the following report:

Resolved, That this State Temperance Union of Oregon earnestly recommend to all Superintendents of Sunday Schools and day schools, and to all temperance lecturers and others whose hearts are in the good work of saving our youths from the dreadful effects of intemperance, that they make efforts to enroll as far as possible the names of all the children in our land on juvenile temperance pledges, by the children's consent, and that they adopt a total abstinence pledge binding upon them for life; and that all such juvenile temperance societies be auxiliary to this Union, and report their proceedings to this Union at its next regular meeting at Salem in February, 1874.

The resolution was adopted.

J. B. Garrison offered the following:

Resolved, That the State Temperance Union authorize and instruct the President and officers of this Union to issue an address to be circulated in the different counties requesting the friends of temperance and prohibition to unite in every neighborhood and form auxiliary societies for open temperance meetings, to be known as Temperance Union Auxiliary Societies, for the purpose of aiding in the cause of temperance; that they be requested to take and subscribe to a pledge of total abstinence from the use of all alcoholic liquors as a beverage; and that the auxiliary societies be required to report annually one month before the meetings of the Union, stating the number of members and the condition of the temperance cause in their neighborhood.

The *Mountaineer* learns that four practical gold miners of Canyon City, Messrs. So far the only prospecting that has been successfully performed has been in the gulches, where the color can be found from the grass roots down. A prospect shaft was put down 14 feet in the creek bottom, but owing to the water coming in they were compelled to give it up. They are now engaged in ground sluicing out a tail race or drain, which they propose running up the creek until they strike the bed rock, where, from the prospects already obtained in the gravel, they expect to "strike" it rich.

EASTERN DATES TO JUNE 15.

WASHINGTON CITY.

Internal Revenue Receipts.

WASHINGTON, June 13.—The Internal Revenue receipts to-day were $312,924, making a grand total for the fiscal year to date of $110,657,955, or nearly $75,000 in excess of the estimates. Total receipts this month have been $4,061,732. It is believed there will be collected during the remainder of the month about four and half millions of dollars.

Minister Mori to Return.

WASHINGTON, June 13.—Before Mr. Mori left Washington he stated to his friends that he had tendered his resignation, but that it was declined, and after several months' absence he would resume his functions as Diplomatic Representative of Japan. Members of the legation express much surprise at the recently published accounts in the newspapers of his determination, and says Mr. Mori possesses the entire confidence of his Government. He left Marseilles on the 6th inst. for Japan, by way of Suez, intending to visit Vienna on his return.

Miscellaneous.

The Postmaster General to-day issued an order for enlarging the free delivery system in San Francisco, and authorizing the employment of seven additional carriers.

The body of Father Anthony Grim was found in the Potomac river this morning. He arrived here about six months ago from abroad, where he had been serving as a missionary for some time. He is supposed to have committed suicide while temporarily insane. His remains were turned over to the church for burial.

WASHINGTON, June 14.—Internal revenue receipts to-day amounted to $357,065.

Minister Bingham arrived here to-day and had an interview with Secretary Fish. The time for his departure to assume duties at Japan has not been definitely fixed. He will probably sail in September.

Geo. H. Williams on the Modoc Business.

WASHINGTON, June 14.—A correspondent of the Boston *Traveller* says Attorney General Williams is very outspoken in his views upon General Davis' statements in regard to the interview with the *Bulletin* correspondent. The greatest surprise is manifested at General Davis' utterances, and it is the opinion of the Attorney General that the whole account is false. Instead of six months, as General Davis is reported to have said, it will not require three days to try and dispose of the Modoc murderers; especially as in order to facilitate matters General Davis was instructed to select a commission from soldiers on the spot. A telegram has been sent to General Schofield, asking whether there is any truth in the reported interview. If there is, General Davis will get an overhauling. His instructions in regard to the Modocs are to try them and to sentence them, and submit their verdict to the approval of the President before execution. Proceedings will then be taken immediately upon receipt of the Attorney General's opinion.

Case of a California Federal Officer.

WASHINGTON, June 14.—Officers of the Interior Department, now in California making inquiries into charges preferred against Surveyor General Hardenbergh, have been ordered to make their investigation of so complete a character that they will be able to give to the Interior Department a report of the precise condition in which they may find the Surveyor General's office.

EASTERN STATES.

Vanderbilt Widening his Phylacteries.

NEW YORK, June 13.—It is stated that an important conference of railroad magnates is now being held, the result of which will likely be the formation of a trunk line from the western terminus of the Union Pacific Railroad and eventually to San Francisco. H. F. Clark, President of the Union Pacific and Lake Shore Railroad, will be made President of the Northwestern, which will give the Vanderbilt family control of all the roads across the continent.

General Sherman Interviewed.

NEW YORK, June 14.—General Sherman had a conversation with a reporter last evening, and is made to say of General Davis, concerning his capture of Capt. Jack and the preparations for hanging him and some of his associates, that if the statement is correct, there is no doubt but General Davis must have exceeded his duty, and he would be held responsible for his acts. He should be guided by military rules and laws. "We allow," he said, "that they are murderers, and had General Davis shot them while they were being pursued, I do not think he would have ever [illegible] his duty. He did not do this, and could not afterwards shoot them in cold blood." "General Davis' report to General Schofield," General Sherman said, "may differ from that published in the papers. Davis is too experienced an officer to do anything that would bring odium upon the army, or lay himself open to a military court-martial for exceeding his duty as an officer." The General thinks there will be no difficulty about disposing of the Modocs under arrest. Those found guilty of murder will be hanged or shot, and if it is proved there was an [illegible] general uprising among the tribes, others will receive the punishment as a warning to Indians. He [illegible], however, that it was a pity the guilty Modocs were not shot at first, then all this [illegible] business and expense would have been avoided. "As to the killing already of a few prisoners," General Sherman says, "those who committed the deed are low blackguards and murderers, who had nothing whatever to do with the army."

Hard to Satisfy.

INDIANAPOLIS, June 14.—The Supreme Court has again granted a new trial to Mrs. Clem, who has been twice convicted of the murder of Mr. and Mrs. Young. This will be her fifth trial.

Railroad Gossip.

CHICAGO, June 14.—It is stated here, on the best of authority, that J. F. Tracy has resigned the Presidency of the Northwestern Railroad on the ground of inability to give the time and attention which the growing necessities of the road require. The Polaris Investigation.

NEW YORK, June 14.—A Washington special says: The testimony of Captain Tyson and Sergeant Meyer in the *Polaris* investigation has been received from the stenographer, and will be printed as soon as possible. Their statements contain together about 55,000 words. The entire mass of testimony is confirmatory of the fact that separation from the vessel was accidental. There was entire unanimity among the crew and officers. The discipline on board the vessel was excellent, and all were working in harmony, carrying on preparations, expecting every moment that she would be jammed and broken between the ice; then she parted from the floe, and it was wholly an accidental occurrence so far as the crew could know. Mr. Buddington himself was on the ice instead of on the vessel.

To be Repeated.

NEW YORK, June 14.—The aquarium car under charge of Livingstone having come to grief at the Elkhorn river disaster, in Nebraska, U. S. Fish Commissioner Baird has ordered Prof Stone back to the east, where another car will at once be prepared and another attempt made to transport eastern fish to Pacific coast waters. The experiment, up to the time of the accident, had been encouraging, and no doubt was entertained of its ultimate success.

The Stokes Case.

NEW YORK, June 14.—The District Attorney is preparing for the new trial of Stokes, and has caused a committal to the House of Detention of the three hall boys of the St. Nicholas hotel, the principal witnesses in the case.

VIRGINIA CITY, June 14.—Some parties who went out to see a prize fight this morning have just returned. A ring was formed on Carson river, near Carson Mill, and was inclosed with a canvas fence, and a fee charged for admission. About $300 was taken in at the gate, and when the men stepped into the ring the Sheriff of Lyon county made his appearance and told the men to consider themselves under arrest. Trevellian ran out of the ring, mounted a horse and left, with one of his backers, for Fort Churchill. Hogan remained in charge of the Sheriff when our informant left.

He stabbed Oldfield in four different places in the breast and face with a butcher knife. There seems to have been no provocation whatever. Demonstrations were made to lynch him, but the Sheriff took and locked him up in jail. It is a clear case of murder.

Later.—The coroner held an inquest over the body of James Oldfield, killed last night by Audist, and sent Audist to Eureka to be tried for murder. Oldfield's body, which was terribly cut up, will be buried to-morrow.

The alterations and embellishments bestowed upon the Presbyterian Church at Olympia have transformed it into the finest looking edifice in town. It now appears to be entirely new, outside and in. The cupola and steeple stretch up many feet higher than any other structure in town. The inside has been fitted up very nicely, and the decorations in stucco overhead are particularly fine.

The Territory of Arizona, as per the Governor's message to the Legislature, is out of debt, has $16,000 surplus money in the treasury, and $8,000 more due and yet to come in. Paradoxical as it may appear, the cause of this financial showing in that Territory is, because very few criminal cases of the sanguinary class, which create the heaviest drain upon the treasuries of more northern States and Territories, ever reach the Courts there—public sentiment in that hot-blooded climate allowing the *lex talionis* to settle feuds without judicial interference.

The funeral of Hon. Hyer Jackson on the 12th, was an imposing affair. Fifty-three wagons and buggies besides a large number on horseback and afoot followed the remains to the cemetery near Hillsboro. The Good Templars marched to the residence of the deceased and formally took charge of the remains and conducted the funeral ceremonies. The flag was raised at half mast during two days by order of the county authorities in respect to the deceased. Resolutions of condolence were passed by the members of Hillsboro Lodge, I. O. G. T., of which the deceased was a member.

Our Hillsboro correspondent says: "The Sunday Schools of Hillsboro sent out invitations all over the country for a general grand union celebration on the Fourth of July. It is thought however that some of these invitations have not been received, as the Corneliusites have also made arrangements to celebrate at that place. It is to be hoped that an understanding between the two places can be had and that they can unite, as the committee at Hillsboro have gone too far to give way easily. Can not the Corneliusites waive theirs and unite with us, as Hillsboro took the first steps. Elaborate arrangements have been made to accommodate all who attend."

The *Colonist* of the 12th says: "The sloop *Star* arrived from San Juan Island yesterday with passengers and freight. We learn that all things are very flourishing throughout the island. The crops are extra; new settlers coming in; the old settlers going ahead with renewed energy. On the coming 4th of July the officers, with the troops and citizens united for the purpose of celebrating the day in grand style, are sparing no expense to make it a splendid affair. A very large fund has already been raised, which is to be appropriated for music, races and various sports; also for a display of fireworks in the evening. A sumptuous repast will be provided; booths and extensive bowers erected, with dancing hall, etc. An orator from the Sound has been secured; the national salute will be fired, and altogether a most enjoyable day is anticipated. We understand that a few private parties from the Sound and Victoria will visit the island on that day. We wish success to this the first celebration proper of the Islanders."

The Daily Oregonian.

MONDAY MORNING, JUNE 16, 1873

How McCraken was Nominated.

The *Bulletin* demanded the authority under which the Committee of Twenty-seven acted, and we gave it. Now let us inquire a little about the authority under which the ring ticket comes into the field. It was simply got up by the ring and fathered by two bolters from the City Republican Committee, the other seven members protesting against the usurpation. That is the whole of it. The ring ticket is no more the regular Republican Ticket than is the ticket headed by Eugene Semple. McCraken was nominated a month ago, in a little meeting at Dolph's office. That was on a Saturday night, and Scott and Dolph, and two other persons less prominent, waited on him at his residence next day, Sunday though it was, to urge him to run, telling him Holladay wanted him, by all means, for Mayor. And McCraken had just little enough sagacity, to accept this kitchen-cabinet nomination, and to *write Holladay a letter accepting the nomination!* This is the clean fact, and McCraken is, in our opinion, too much of a man to deny it. He was thus nominated by Holladay in a private office, long before the bogus primaries were called. This is the truth, and can be proven. How now about the authority question?

Why Not Speak Out?

The ring, through their organ, denounce the Committee of Twenty-seven as a set of jugglers, for calling attention to the inconsistency of the ring in demagoging on the Chinese question, and at the same time employing more Chinamen than everybody else together. The ring displace all the white laborers to make room for Chinamen, and then raise an outcry against the employment of Chinese. For some days the truth has been publicly and repeatedly told, that the ring were employing hundreds of Chinamen on work that white men would be only too glad to do, and they have not attempted to deny it in their conduct. Working man, what do you think of the sincerity of the ring, when they tell you they are opposed to employing Chinamen, and at the same time are actually employing hundreds of them on work which you would be glad to do, to support yourself and your family? Why don't the ring speak out and give their reason for thus preaching one thing and practising another?

Proscription.

Not a great while ago, a Deputy Clerk was discharged from the Clerk's office in this city. The Clerk, who thinks he owes his position to the ring, on being asked by the Deputy discharged, the cause of his action, said he had no fault to find with the deputy; he had been faithful and competent, and he hated exceedingly to discharge him, but he said the leaders of the ring made it so hot for him he was compelled to do it. "What have they got against me?" inquired the deputy. "Well, nothing," was the reply, "*only your brother was* [illegible] *of Mitchell's election.*" The young man, a faithful officer left and his place was filled by a person, we suppose, who had not the misfortune to be the brother of somebody who did not choose Mitchell above all other men for United States Senator. How does this sound in a Republican Government? Sound how it will, it is true and we are prepared to prove it.

Importing Voters.

At least twenty persons have been brought into the city from various points down the river, and no less than one hundred from up the valley, for the purpose of having them vote the ring ticket to-day. Some of these parties are already "spotted," and will be put through to the extent of the law if they cast their votes illegally. It is understood that the ring do not expect to be able to elect their ticket, unless it is by importation of voters from abroad. Let these fraudulent voters be handled without mercy. Show them no consideration or quarter.

About that Park Job.

We understand Besser is telling that there was a "job" in the purchase of the park, and that somebody besides Amos N. King, who sold the land, made money out of the transaction. That may be the case. Besser was Chairman of the committee that introduced the ordinance providing for the purchase, and of the committee that actually transacted the business. That is itself a suspicious circumstance. Will Mr. Besser explain how much he was benefited by that "job." The people have a right to know all about it.

After the Illegal Voters.

We are informed a detective force consisting of twenty-four men, has been engaged to watch the different Ward polls, and to pass from Ward to Ward, in order to detect any double voting or repeating. This force is independent of the city police, and will operate in its own way. This is a good plan. If this detective service is well performed there will be great danger of the repeaters being brought up with a round turn inside the wall of the prison.

Funny Business for a Police Judge.

A man was arrested a day or two since for stealing certain money. He denied the charge, when taken before a justice of the peace, and accounted for his having considerable of money by saying *Judge Denny had given it to him for election purposes.* The Judge was subpœnaed to tell what he knew about the matter, *but he refused to obey the subpœna*. What sort of business is that for a Police Judge?

What for a Mayor Would he Make?

Before you vote for Col. John McCraken for Mayor, ascertain, if you can whether or not he would perform the duties of the office if elected. If there is one man in Portland pre-eminent for neglecting every duty of a public nature which he undertakes to perform, that man is Col. John McCraken. Elect him Mayor and the duties of the office will be wholly neglected.

That Tax Grab.

A vote for the ring candidates for the Common Council, is a vote for saddling on the tax-payers of the city the $124,000 grab that the Railway Company have already tried to make. Give the Council completely into the hands of the ring, and the attorney of the city will be at once directed not to defend the rights of the city any further in this matter. Recollect $124,000 in a single grab!

Look Out for Bribery.

What sort of a cause is that which is forced to rely solely upon illegal and purchased votes for success? It hardly seems credible that any very considerable number of votes can be bought by the ring, but past experience shows that they can purchase a very large number. This is the only thing to be feared to-day.

Look out for your Interests in the Third Ward!

BESSER'S RECORD.

Park—The official records show that on the 19th day of December, 1870, Besser was appointed Chairman of the Committee on Streets and Public Property. The other members were Cree and Burck. Five days after their appointment they introduced the Ordinance for the purchase of the Park. Two weeks afterwards the Ordinance was passed and approved by J. B. Congle, acting Mayor. Besser voted for it and was Chairman of the committee that introduced it!

Bridge—April 16, 1873, when the Bridge Ordinance was passed, Besser was the first to vote in favor of locating the Bridge at the lower part of the city; Look at Record 6, page 299, in the Auditor's office.

Besser has no interest in the Third Ward, on which he pays taxes; and within the last week has sworn, in court, that he is not worth a dollar that could be reached on execution to pay a debt he was then sued on by an honest man!

Do you want such a man to represent the property and the Laboring Men of the Third Ward in the Common Council?

The foregoing facts are all taken from the official Records, and can be proven to the entire satisfaction of any one.

Proscription.

A carpenter in this city, who has always voted the Republican ticket, was engaged to work on the new Custom House. Last Saturday he received notice that if he voted for the ticket of the Committee of Twenty-seven, as it was supposed he would, he would be deprived of the job of work on the Custom House. When this warning came to him he was incredulous, saying he had often heard such things alleged against the ring, but he did not believe there was any truth in them. But, to satisfy himself in the premises, he went directly to Mr. W. L. Higgins, the Superintendent, to inquire about it. Imagine his surprise on being told by Higgins that he must lose his situation, or vote the ring ticket. The carpenter remonstrated, but Higgins was inexorable, saying he had to do it, as he himself would lose his place if he did not exact this. The carpenter, who has a large family to support, told him all the money the ring could command would not tempt him to surrender his manhood, and that he had never before thought it possible for men to be so narrow-minded and base as to be guilty of such conduct, and then be left to seek the means of supporting his family as best he could. How does that sound in a country boasting of free institutions and a free ballot? If it is denied, the proof will be forthcoming.

The Difference.

O. N. Denny has declared to different persons very recently, that he intended to take the fees collected by him, so long as he should hold the office of Police Judge, notwithstanding the provision of the Charter, requiring them to be paid into the City Treasury. O. Risley, the People's Candidate for Police Judge, says in writing, that if elected he will obey the charter, and pay this money into the Treasury, contenting himself with the salary provided by law. This is the difference between the two candidates. By the election of Risley, the Tax-payers will save to the city, on this item alone, not less then $5,000 per year. A few such items as this would reduce taxation to a very reasonable figure.

Proscription.

R. Weeks, Esq., one of the most estimable citizens, as well as one of the most thorough and consistent Republicans in this city, signed the call for the Committee of Twenty-Seven. Next morning J. N. Dolph, the attorney of Mr. Holladay, and the ring's candidate for Governor, who had been purchasing his groceries of Weeks, walked into the store of the latter and asked him if he signed his name to the call. Mr. Weeks answered in the affirmative, when Dolph called for his bill, saying he wanted to settle it up, as he did not wish to do business with a man who signed that paper. How does that sound for Republican institutions? If it is denied the proof will be forthcoming.

To be Put Down Because He Won't be Used.

The only objection the ring have to Mr. E. D. Backenstos, candidate for Treasurer, is that he can not be induced to lend himself to their schemes for plundering the tax-payers of the city. They make no account whatever of his faithfulness and competency as an officer, nor of his praiseworthy conduct in bringing up and educating his orphan brothers and sisters, when he himself had no resources but his daily exertions to rely upon. These are matters that weigh nothing with the ring, but they can not fail to weigh greatly in Ed's favor with all right-thinking persons.

Indirect Bribery.

Besser, a few days ago, proposed to send a patient to a certain doctor (so-called) on condition that he, the doctor, would vote for Besser for Councilman. The impecunious doctor, who has no diploma, signified his acceptance of the proposition, and so the two are now pulling together harmoniously. If any casuist can show in what respect this differs morally from any other species of bribery, we should like to see him do it.

The Minneapolis *Tribune* of June 3d, contains the following gratifying announcement. It is said to be on the authority of one of the Directors of the Northern Pacific residing in that city: "Information has been officially received in this city to the effect that the Northern Pacific thirty million seven and three-tenths loan has been finally closed out, a New York syndicate having just subscribed for the nine millions that remained unsold at a recent date. This makes a thorough financial success of this loan, and while placing funds at the disposal of the road for construction, strengthens its credit very materially. This entire thirty millions has been taken at home and by our own people, which fact cannot fail of being duly appreciated should the company ever seek negotiations abroad."

The San Francisco *C*[illegible], of the 10th inst., intimates that two of the most prominent stockholders in the Central Pacific Railroad Company want to dispose of their stock. It says "Messrs. Huntington and Hopkins have not yet sold their respective interests in the Central Pacific Railroad, at least, they had not yesterday as late as 10 o'clock, A. M. Negotiations have been going on for some days past with a view to such result, but the price demanded has been the impediment in the way. Whether this obstacle will be removed is, of course, what we cannot now know."

The *Courier-Journal* puts in this one below the belt: "'Next to old Bourbon whisky,' says a Chicago paper, 'the thing that a Kentuckian is proudest of is that he is a Kentuckian.' This is not true. A Kentuckian's chief pride is, that he is not a Chicagoan."

A LITTLE MORE HISTORY.

Worse than Anybody Supposed—The Story of Mrs. John Hipple.

Having given place to the story of Col. John M. Thompson, formerly law partner and latterly chief apologist of Mr. John Hipple, commonly known as Senator Mitchell, and also to the Senator's own explanation of the circumstances in connection with the story of his life, we now give the statement of the deserted wife, received yesterday, as it was received from her lips, by the same correspondent to whom Col. Thompson made his statement. Before giving her story, it will be in place to premise that Mrs. Hipple has, since her divorce, gone by her maiden name of "Sadie Hoon." During the years that have followed her desertion by her husband, she has worked in the employ of various hotels and private houses as a private servant. "With her vigorous country training," says the correspondent, "she was enabled to endure the hardships of menial life and support herself when deserted. Up to 1867, she remained in Butler, Pennsylvania, but after the visit of her husband in that year, and after the divorce between them, she went to the town of Franklin, where she has since been engaged in service." At the time of the correspondent's interview with her, she was at the house of a gentleman of the name of Prime, in whose family she had served, and whose wife was a warm friend of hers. A few days before the interview, she had left the town and gone into the country to avoid two lawyers representing Mr. Hipple, who had been after her before, doubtless, for the purpose of entrapping her into some step that might remove a part, at least, of the difficulties that stand in the way of a successful white-washing of the Senator's character. She was sent for, and arriving at the house of her friend, Mrs. Prime, of Franklin, found the correspondent awaiting her, according to an arrangement previously made with Mrs. Prime. She was suffering, at the time, from an attack of rheumatism, brought on by overwork, and was very feeble.

We have condensed thus much from the report of the correspondent. Mrs. Hipple's story we prefer to give in her own words:

As the door opened I turned and saw the object of my long search, a feeble woman of large figure, who leaned upon the arm of the young man whom I saw the day previous, with a look of agony on her face as if every movement was one of pain. She tottered across the room, with his aid, to a chair by an open window, and there she sat for some time moaning and sighing with pain. Little Mrs. Prime at once came to her aid and proceeded to bathe her flushed face and to smooth out her hair from her feverish brow.

I then had an opportunity of getting a good look at her, Mrs. John Mitchell Hipple, now known under her maiden name of Sadie Hoon. She is a woman of not much over thirty years of age, but toil makes her look much older. Her face is not a very intelligent one, but certainly not a bad face. It was indicative of temper, but not much more than could be expected from one who has borne as much as she has in the shape of a toilsome life. Her mouth is small, and displayed an, as yet, well preserved set of teeth. Her nose is aquiline, her forehead is rather high. Her hair was jetty black, and rather coarse. It was allowed to float behind her shoulders, being only secured by a green ribbon. In form she is large, and looks like one well inured to a life of toil. Her dress, at the time of the interview, was poor, but neat. Probably if she were Mrs. Mitchell, instead of Mrs. Hipple, she would be able to dress better. Her voice is a pleasant one, tolerably well flavored with the rural *patois*. Her English is not always of the best, but, throughout the interview, her manner in alluding to the delicate parts of her eventful story was modest and unassuming, giving me a much better opinion of her than I had gained previously.

Said Mrs. Hipple, "I should not tell you my story if I did not feel that it is but justice to my husband, who had always abused me, that I should now be able to show him that he cannot always triumph. For the sake of my children I would say nothing, but since his story, as told by his lawyer, Col. Thompson, is published as you tell me, I must speak."

Here I gave her in detail the story as told me by Colonel Thompson, in the original interview upon the subject in Butler some weeks ago. She listened with a quiet smile on her face until I had briefly told her the salient points, when she said:

"Then that is all the reason Colonel Thompson gave you for my husband leaving me—that our marriage was an unhappy one, and he could not live with me?"

Correspondent—"Yes."

Mrs. Hipple—"Well, listen to me, and I will tell you the real reason, and you can find means, from the names I will give, to prove all, too. Did Col. Thompson tell you that when John ran away, taking money that did not belong to him, he took

ANOTHER WOMAN AWAY WITH HIM?"

C.—"No, he omitted to mention that."

Mrs. Hipple—"Well, he did. When he went away he took with him Mary J. And it was 'vartised' in the papers at the time as the elopement of Mary J. and John Hipple. Well, that is God's truth, and she was the cause of the first trouble between me and John."

C.—"Tell me about your life previous to marrying Mr. Hipple. Was he forced in Court to marry you for leading you astray?"

Mrs. H.—"John Hipple was never forced to marry me. If Colonel Thompson says so, he can be proved to be a liar. It is true that John Hipple ruined me. I was a young girl of only fifteen at the time. He was twenty six. He had been my school teacher, and had for two years waited on my sister. He took advantage of his position and my youthful ignorance (bitterly), and accomplished my betrayal. After the birth of my child by him, my father went after him and brought him to my bedside, where I lay. This was all the force about the marriage. My father demanded reparation, that he should marry me. But I said, 'John, you can marry me or not, just as you see fit. I shall not say.' He then promised to marry me, and did marry me."

C.—"Then you deny that the matter was ever brought into the Courts in a suit against Mr. Hipple?"

Mrs. H.—"Most assuredly I do. Well, John and I lived together one year happily, when our trouble began."

C.—"What was the nature of these troubles?"

Mrs. H.—"John's running after other women. Of course you can understand my feelings in this matter. I loved him, and was happy with him until he became unfaithful to me."

THE FIRST PROOF OF INFIDELITY.

The first that I knew that John was untrue to me was one night shortly after our troubles began. I had heard outside of his being with other women, but I did not know it. He brought home this Mary J., at this time, who was a school teacher, to stay at our house. Mary went up to her room, which was near ours, rather early. John was left below, writing. After a while I went to my room and undressed. I waited for John until eleven o'clock, when I slipped down to see if he was yet writing. He was not there. I knew he had not gone out of the house, so I went to Mary's bedroom. The door was locked. I then sat down and waited. At 1 o'clock my husband unlocked the bedroom door, came out, and without a word went to bed. I did not say a word to him then, but in the morning, when I attempted to say something about it, he swore at me with dreadful oaths, and said he would take my life if I ever opened my head about it again. From that time on he had that woman in the house whenever he pleased, and I could not prevent it. Do you wonder that we quarreled [illegible] under these circumstances? Miss McChristian, a milliner at [illegible], will testify that at this time she was in Pittsburg and stopped at Hare's hotel. Miss [illegible], my husband's Miss, came there also. My husband shortly after arrived, and [illegible] Miss McChristian expected him to the hotel, and John was ordered away [illegible]. This can be substantiated by living witnesses any day.

C.—I understand from Col. Thompson that your husband has contributed regularly to your as well as the children's support during his absence, at least for years until the divorce was procured?

Mrs. H.—From the time John Hipple left me he never contributed one cent to my support. The night he went away he bought me a silk dress and bought many things for house. It was on Saturday afternoon. He went to Jas. Campbell's, in Butler, and made several purchases. He procured also a small pass book, as he said, for the use of his wife. I never received it, and he left that evening, taking Jessie, my oldest, with him. He told me he was going to Pittsburg to pay over some money upon claims in the Supreme Court. John was in his room that afternoon counting over his money, and would not let me come in.

C.—Was Jessie born before or after your marriage?

Mrs. H.—She was born before. She was taken away from me when a little tender thing, and I have never seen her since. I heard of her in Pittsburg when John ran away with her, how she cried and took on for mamma. Since that time John has taught her that her mother is dead, and I have never been permitted to hear a word of her. I tried to get a picture of her, but this was refused me by Col. Thompson.

C.—About your other children?

Mrs. H.—They are with my sister, Mrs. Dr Porter, at Sanbury.

C.—Colonel Thompson said Mr. Hipple had contributed regularly to their support.

Mrs. H.—"Until some three years ago he never sent them a cent. At that time he sent nine hundred dollars. That is the only money he ever sent to the children. I will say nothing here. I can refer you to Dr. Porter, who has charge of the children, to ask him how John has treated the children. I hear that John is thinking of taking away the children, now that they are grown. [Here Mrs. Hipple's eyes filled with tears.] If he should take them away I am sure I should die. I have worked for them, and contributed from my little earnings from time to time, and have tried to do my duty to them so far as lay in my power.

C.—Colonel Thompson said the reason of your unhappy marriage with Mr. Hipple was on account of your fondness for society, which he could not approve.

Mrs. H.—I never went into society during my married life; I only associated with John. There does not exist the clay-face in Butler who can say aught against my character while I was in Butler.

C.—No, I never heard any one say aught against your character at that time.

Mrs. H. (excitedly)—One of the men who has told you so much about me and slandered my character, his name , was the man who, *three days* only after I was deserted by my husband and left with two small children, one a babe, in my own house tried to get the upper hand of me.

C.—You mean made you improper proposals?

Mrs. H.—Ay, that is what I mean! Colonel Thompson, too, who says my husband is so good, came to me after my husband's flight and said he was a grand rascal, as he had stolen away the money of their clients.

C.—About the divorce. Who procured it? Mr. Hipple or you?

Mrs. H.—I applied first.

C.—You say you never received any aid from Mr. Hipple. There is a person in this city who says he identified you on a draft from Colonel Thompson. How is this?

Mrs. H. (reservedly)—Oh, I see, I must tell the whole story. In 1867 I was in Butler. This was at the time of John's first visit. I was out at work then. Colonel Thompson sent word for me to come to his office, as John wanted to see me. I refused to go. Colonel Thompson then came to see me. He asked me if I did not want a divorce. Mr. Hipple wanted a divorce, but had no grounds to get one on. *I had.* Colonel Thompson said if I would only apply for a divorce and release all claims upon Mr. Hipple, he would pay me $500. I agreed to this. Mr. Scott, my lawyer, of Butler, was afterward present, and witnessed the agreement drawn up between us. Colonel Thompson always pretended that the money came out of his own pocket. But, of course, that is not highly probable. That explains the draft. That was the only money I ever received after the separation.

Throughout the interview Mrs. Hipple showed great pain from her rheumatic attacks, and spoke slowly and with difficulty. She displayed no particular animosity against Mr. Hipple, but thought it hard that he should be so successful in life while she was sick and dependent upon the charity of friends for care. She told a most straightforward story, and referred with the greatest freedom for substantiation of her statements to respectable living witnesses. Her story adds another interesting chapter to Senator Hipple's, *alias* Mitchell's, story.

It turns out as we predicted it would, that the presence of this ex-"school ma'am," whom Hipple passed off for his wife at San Luis Obispo, where he was first known as Mitchell, is the key to the entire case. Hipple was in the other room, says the deserted wife, *counting his money,* the night before he started. *Counting his money!*

While we are on this money branch of the subject, we may as well add that on the [illegible] day of his first arrival in this city, Mr. Mitchell, or Hipple, told a prominent man of Oregon, whose veracity will never be called in question, that when he landed in California, he had in his pocket *three thousand dollars in gold coin;* and that he spent it all on account of the sickness of his *wife,* except *sixty five dollars,* which he had when he reached Portland.

Now, put all these facts together, and look at the whole case as you would look at that of any other man besides Mitchell—if you can imagine it to be possible for such another case to exist. What conclusion must you inevitably reach? But one, and that one worse than the worst that has ever been hinted at from any source. We do not care to rehearse such a heart-sickening narrative, but we ask the public to read it carefully and ponder it well. It is not a story for the prurient ears and coarse thoughts of the debauchee, but a serious, sad, bitter warning to the fathers and mothers of families. Do not look at this sickening history as a mere idle tale, got up for sensation, for such it is not; but take it home to yourself, make this man the teacher to whom you send your children to school daily, and who has thus gained an influence and a confidence with them almost equal to your own; and then ask yourself whether, for the sake of a former friendship for this man, for the sake of political association, for the sake of anything on earth that has ever influenced you to support the pretensions of Mr. Hipple, you can consent to indorse his conduct, or assist in restoring him to the confidence of the people of this State whom he has so grossly deceived, so grievously wronged, and so sadly disgraced. Look at the case with all the charity for the Senator, that the highest humanity and the highest Christianity can dictate, or even permit, and then answer the questions it brings home to you, on your conscience as a citizen of the State, as a member of society, as a father or mother of sons and daughters.

The Ring Going Back on their Friends.

PORTLAND, June 15, 1873.

To THE EDITOR OF THE OREGONIAN:

I notice that the *Bulletin* now claims that the so-called "no party" are in favor of the ordinance for the purchase of the water works. Now allow me to make a statement through your columns. When that ordinance was introduced in the Common Council for the purchase of the water works, it was understood and agreed by the mover thereof, Mr. J. C. Moreland, that the party he represents would stand by him and in the coming contest would make it a party measure as far as the city is concerned. They then supposed that the movement would be popular and carry the city with a surge. They have now found out their mistake. They see that the property owners are opposed to the movement, and have turned tail on the person whom they induced to offer the measure, placing him in an unenviable position before the people, and thus giving another example of the perfidy of those who falsely claim to be the Republican party, but who would be more appropriately denominated the Holladay Malarkey ring. If any person doubts this statement, I would request them to ask Mr. J. C. Moreland, and see if he will deny it.

There is another little proposition which I might as well call your attention to here, it is this: The law requires a residence of the State six months, residence in the city three months, and in the ward ten days next preceding the election, for a voter. Now, I have no doubt but that the employes of the Steamship Company will be offered as voters in every ward in the city. I am informed that they have shipped in the port of San Francisco, Cal., to the port of Portland, Oregon, and back, and signed shipping articles to that effect. If so, can they by any means become voters? I think not.

JOHN C. NIXON—JOE THOMAS.

A few days since the OREGONIAN contained the [illegible] paragraph, taken from a Mobile exchange:

"The [illegible] of Mobile, no doubt, remember a [illegible] resident by the name of Nixon, who [illegible] the city on crutches, his leg wrapped [illegible] coverings, about a year or so since. [illegible] ago he disappeared, and now news [illegible] that he has died in Oregon, leaving a fortune of about $500,000. This may be exaggerated, but it is certain that he died in possession of [illegible] able fortune, which will go to his wife, a [illegible] of a man by the name of Melvin, who [illegible] on the Eastern shore. The sum of $1,800 [illegible] a short time since to defray the expenses [illegible] wife and two witnesses to Oregon, and they [illegible] on Sunday last for the purpose of obtaining [illegible] Wonders will never cease."

The Nixon alluded to in the above paragraph is John C. Nixon, who is now in this city, having been brought here nearly three years ago under the name of Joe Thomas, or "Wrestling Joe," [illegible] the Caruthers claim. We have interviewed Mr. Nixon; but the disclosures made by [illegible] of such a character that we forbear publishing them until the present charges preferred against J. M. Moore and Green C. Davidson, in the Circuit Court, have been disposed of, lest the [illegible] prejudiced. There can, however, remain [illegible] doubt that the individual, John C. [illegible] is a very different man from the original [illegible].

POLICE REGULATIONS.

The following are the regulations concerning the duties of policemen upon election days, published by request of the Police Commissioners:

[illegible] The right of every member of the [illegible] entertain political or partisan opinions, [illegible], is the same freely, when such [illegible] shall not concern the immediate discharge of his duties, and the right of the elective [illegible] will be deemed sacred and inviolate.

He shall not take any part in any convention held for the [illegible] of any candidate for any such office.

[illegible] Upon days of election for public office, [illegible] member of the police force shall, whether [illegible] assigned to attend the polls or other [illegible], do all within their power to preserve the peace and protect the rights of lawful voters, and to [illegible] illegal and fraudulent voting.

RULE XII. No member of the police force shall be permitted to solicit or be obliged to make any contribution in money or other thing, on any pretext, to any person, committee or association for any political purpose whatever.

PICNICS.

The picnic and excursion to the Cascades on last Saturday was a very pleasant affair. About fifty excursionists embarked on the steamer *Oneatta*, which had been chartered for the occasion. The particular feature of the day was the trip on the railroad to the Upper Cascades, which was highly enjoyed by all. The Conductor and Chief Engineer used all exertions to make every [illegible] pass off pleasantly, securing for all who desired [illegible] specimens of petrified wood, etc. Though the affair was not a success financially, we are assured that the Company, under whose auspices the excursion was given, will not be losers in the end.

BASE BALL.

In this city, Saturday: Athletics, 50 Amateurs, 51.

Saturday, 21st, Pioneers vs Pacifics, and on the 28th Pioneers vs Clackamas.

Union grounds, New York City, 3d inst.: Boston, 6 runs, 15 blanks. Mutuals, 5 runs, 8 blanks; 12 innings.

The Homoletics, of Corvallis, beat the Twisters, of Albany, on the 7th, 107 to 50. Almost the whole afternoon was occupied in playing the game. Ten home runs were made by the winning Club.

The first game of the series between the Pioneer Club, of Portland, and the Clackamas Club of Oregon City, was played at the latter place on last Saturday. About 200 spectators witnessed the match. The day was propitious, but rather too warm for the heavy work incidental to a closely contested game of base ball. Charles E. Warren having been selected as umpire, and J. M. Bacon and W. S. James as scorers, at 10.30 A. M. the game was called, the Clackamas boys winning the toss, and sending the Pioneers to the bat. The result of the first inning was decidedly in favor of the Clackamas Club. Up to the sixth inning on each side the playing was marked by nothing remarkably brilliant, but on that inning the Pioneers made five runs. This seemed to stimulate the Clackamas boys, and on their sixth inning they recorded a handsome score of eight runs; but this was more than counter balanced on their next inning by a whitewash. On their last two innings the Pioneers scored twelve runs, which the Clackamas Club failed to overcome in their concluding innings, leaving the victory with the Pioneers by a score of 33 to 31.

The want of practice on the part of the Pioneer Club was apparent throughout the game. Some very wild throwing marked their playing, and there was not that understanding between the players which is necessary to insure quick, certain work. Buchtel failed to make a run in the game, but this can be by no means attributed to defects in his batting, which was excellent. Lownsdale, short stop of the Pioneers, displayed his usual agility in that position. We cannot but make mention of the splendid catches made by Bird, in the left field, and his subsequent home run—the only one made in the game. The Pioneers have splendid material in their first nine, and with more attention to practice will acquire the skill to which they aspire. Of the Clackamas Club, Cross, in the left field, made some splendid catches; Pratt, behind the bat, is a skillful player; Warren, on second base, holds a ball if there is any chance whatever to get hold of it; and Lewis, on first base, caused the Pioneers much trouble. We think the above players particularly deserving of mention, and wish to cast no reflections on the really good playing of the balance of the members of the Club. A double play was made by each Club. The game closed at 3 o'clock P. M., having lasted 3 hours and 25 minutes. The umpire, in his rulings, it was generally believed by the spectators, made two mistakes bearing against the Pioneers, and two bearing against the Clackamas Club—so no harm was done. A good feeling prevailed between the Clubs, and at the conclusion of the match the Pioneers were entertained by the Clackamas boys at the Cliff House.

In conclusion, as we feel a certain degree of pride in the success of our base ball clubs, we may be pardoned for urgently advising the Pioneers to "get in their work" on practice before they meet the Pacifics next Saturday. If this advice is followed, we predict a grand game on that occasion. Following is the

"I say, Tom, that is a nobby suit you have on! I declare I've been trying to get something that will fit me to a dot, and that I can depend on to wear well. Where did you buy them?" "I was passing along First street, last week, and as I turned the corner of Washington street I noticed some fine cloths and furnishing goods. The attraction was so great that I stepped inside, and after selecting the materials, I ordered what may be termed an elegant fitting suit. The place is Fishel & Roberts."

The public mind has been somewhat agitated with the Modoc war, an occasional marine or railway disaster, and the dull times, and the prospect of buying clothing at a figure not large enough to clean a man to the bedrock. The place has been found where you can buy men and boy's clothing, or gentlemen's furnishing goods, at the very lowest prices. It is at Beck & Waldman's, corner of Front and Washington street, where a full assortment of men and boys' clothing, in the latest styles, can be selected from.

Mr. Johnson, living near Hillsboro, last Saturday had quite an adventure with a full grown black bear. Mr. J. first traced the bear and went off to get a gun and some help. While he was gone bruin also left, and when Mr. Johnson and his friends returned, was not to be found. Thinking the bear had left that vicinity the men with guns all went home, but Mr. Johnson continued the search and being attracted to a certain spot by the squeals of a hog, found the bear making a meal off a good sized porker. The bear again took to a tree but soon came down, when Mr. Johnson's dog gathered him by the nap of the neck, Mr. Johnson went in with his Jackknife and succeeded in shutting off bruin's wind. No more bears, we venture to say, will eat pork in Mr. Johnson's presence.

ADDRESS
OF
The Committee of Twenty-Seven
TO THE
CITIZENS OF PORTLAND.

Our Mission,

Nominating a ticket of good and unexceptionable men, willing to administer the city government at greatly reduced expenditure—was ended when we placed such a ticket before you. The standing and good reputation our nominees enjoy in this community ought to be sufficient guarantee of our intentions.

Charge of the Bulletin Refuted.

The charges made that we, your committee, or any portion of us, or the persons nominated by us, were actuated by selfish motives, and particularly the charges made by the *Bulletin*, that we or they are committed to the purchase of the water works, or that we or they favor or desire in any manner to advance the interests of any ring, corporation or company, excepting the material interests of the city, we denounce as SLANDEROUS AND FALSE, gotten up for electioneering purposes, and are without the least foundation in fact.

The Water Question.

The water question has not been considered by us, for the reason that the present Council has done all which can be officially done concerning the purchase of the water works, and it now remains for each voter to determine for himself whether or not the purchase ought to be made. Every voter can choose for himself as to whether he will vote for or against that proposition. It would be presumption on the part of your committee to dictate how you should vote on a question which is now before you, and of the merits of which you can judge fully as well as we.

The Chinese.

As honorable men, we disdain to demagogue on the Chinese question. We, in common with our fellow citizens, feel that the influx of Chinese works a great hardship on the laboring classes of the Pacific States, and greatly retards their progress. But they are here by virtue of existing laws and treaties of the Government of the United States, and not by permission of this State or city. We would therefore advise as the only remedy for the existing evil, petitions to our representatives in Congress to use all honorable means for such modification of our treaties with China as will remove the evil which has fallen so heavily upon us. As long as such treaties exist, local laws discriminating against Chinese will not stand the test of adjudication.

Our Candidates.

Of the character of our candidates we need not speak. They are too well and favorably known to need commendation from us. We point to them with just pride, and we hereby return them thanks for having accepted nominations for offices, most of which at best can be but burdensome to them. Nearly all of them have filled the positions for which they are now nominated, and we challenge the most critical to point out wherein they have ever failed of doing their whole duty.

RETRENCHMENT.

Our Candidates Pledged to Economical Administration of the City.

This Committee and its nominees pledge themselves to use all honorable means to so reduce the expenditures of the City Government that citizens will not hesitate to invest money in improvements. Mechanics and laborers will again find employment. When taxes are reduced to one third their present rates, we will again hear the sound of the hammer, and business will assume its wonted activity.

We Appeal to You as Citizens.

This movement of citizens to elect officers to administer municipal affairs, independent of party consideration, has provoked active and unscrupulous opposition. To elect the ticket, will require not only the vote but the influence and personal exertion of every citizen who desires to see it succeed. And we, therefore, call on all persons who have the material interests of the city at heart, to be on hand, both before and on election day, and work actively for success.

Portland, June 12, 1873.

The Police Judge—A Pledge of Economy.

The following letter speaks for itself:

Gentlemen of the People's Committee: I hereby submit for your consideration my name as a candidate for the position of Police Judge.

Knowing that an honest and economical administration [illegible] the end proposed by the people in inaugurating this movement, I deem it proper to state my views so far as relates to the office for which I am a candidate.

My opinion of the law is now and I always has been, that the Police Judge is entitled to receive [illegible] [illegible] and if acceptable to the Committee, I am willing to accept the position and faithfully administer the law according to the above instruction.

Respectfully, etc.,
O. RISLEY.

TO THE TAX-PAYERS OF THE CITY OF PORTLAND.

The Portland Water Company take this method of defining their position on the purchase of their works by the city of Portland:

On the 25th day of April, 1872, this company received a communication from Messrs. W. S. Ladd, J. B. Congle, C. H. Lewis and S. G. Reed, sub-committee on water supply, appointed by the Mayor, asking the question:

"Will you dispose of your works to the city of Portland? and if so, you will state price, terms, etc.?"

Our answer was, we would sell, and the price, three hundred thousand dollars, to be paid as specified.

Again, the Committee on Fire and Water called on us at our office, saying they came in accordance with a resolution passed by the Common Council, on the 5th of February, to confer with us as to the purchase of our works by the city, to ascertain the price, and report to the Council at their earliest convenience. This company named the same price, viz.: $300,000, that had been named to the former committee, two hundred and forty thousand dollars coin, and the city to assume the payment of sixty thousand dollars currency bonds, bearing seven per cent. interest, payable in July, 1880.

The committee made their report to the Common Council on the evening of February 18, 1873, from which report we copy the latter portion, viz.:

We have been permitted to examine the income of the Water Company for the years 1870, 1871 and 1872, from rents of water, and from them we learn that the receipts would pay the interest on the bonds, the cost of operating the works, and have a considerable surplus, while the rents could be lowered one-fourth the present rates, and still pay rents sufficient to pay interest and cost of operating, thus giving to our citizens cheaper water, which is a matter greatly to be desired.

The increase of population in the city will increase the rents, and cheaper rates will increase the takers, without a corresponding increase in the cost of operating; and in the no distant future your Committee believe that the rates can be reduced to one half the present rates, and still leave a sufficient revenue to pay interest on the bonds and cost of operating, while a small sum can be annually accumulating to form a sinking fund for the redemption of the bonds.

Under the provisions of our charter nothing can be done in the way of incurring an indebtedness sufficient to purchase or build Water Works by the city until the proposition is submitted to the people at a general election, and by them approved.

Your Committee therefore recommend that the proposition of the Portland Water Company for the sale of their Works, rights, &c., &c., be submitted to the people at the coming June election, as provided by charter, for their approval or rejection.

All of which is respectfully submitted.
(Signed) J. B. CONGLE,
J. C. MORELAND,
Committee on Fire and Water.

The Portland Water Company would respectfully state to the tax payers the fact, that they have not urged the city to purchase our works. We have simply answered in good faith communications from committees appointed by the Mayor and Common Council of this city, as we supposed in good faith on the part of the city, and as a continuance of our willingness to give to the tax payers and the public any information they may desire, in order that they may vote intelligently at the coming June election for or against the purchase of our works by the city, we submit the following abstract from our books for two years, with the probable rates for one year:

The city can run the works, reduce the rates 25 per cent., and leave a balance in favor of the city of six thousand five hundred and twenty dollars; or, in other words, consumers that now pay $2 per month, can be supplied for $1 50 per month, and others in proportion; and still the city will receive a revenue without taxing the people for a water supply.

Any further information desired in relation to the Company's works will be freely given on application at their office.

Respectfully,
THE PORTLAND WATER COMPANY.

COLEMANS Dr. J. S. Coleman's Compound Extract of Eucalyptus is a preparation combining EUCALYPTUS
all the valuable medicinal qualities of the Eucalyptus, which is cultivated in nearly every California garden for its medicinal utility, having become the household remedy for all diseases of the KIDNEYS, BLADDER and URINARY CANAL, and SEMINAL WEAKNESS. It seems to have a direct affinity for the GENITO-URINARY ORGANS and their surroundings, and cures them by its alterative, healing and balsamic properties more effectually than any other known remedy.
It is an invaluable remedy for all diseases of the mucous and serous membranes, such as BRONCHITIS, HACKING COUGH, NAUSEA DURING PREGNANCY, DYSPEPSIA, LEUCORRHEA, etc.
This preparation is the result of Dr. Coleman's experiments with the medicinal properties of the tree in the U. S. Marine Hospital in San Francisco, in 1871 and 1872, where he had unusual facilities for testing the various method of preparing the remedy, and its uses. It can be relied upon as certain to give the promised result, and hundred of testimonials of its efficacy can be seen at his office, 415 Kearney street, San Francisco.
COLEMAN'S DOUBLE EXTRACT OF EUCALYPTUS is a powerful, yet harmless, febrifuge, and is a special preparation for the treatment of the malarious fevers of our interior valleys and is warranted to cure any case of FEVER AND AGUE treated with it according to directions, while the baneful results of the usual Quinine and arsenical remedies for those diseases are entirely avoided.
FOR PHYSICIANS, Coleman's Fluid Extract of Eucalyptus in 1 lb bottles.

A GREAT DISCOVERY.
NO MORE GRAY HAIR OR WHISKERS IF YOU will use J. LIPMAN'S HAIR RESTORER. This is not a vile compound, made of Sugar of Lead, Lac Sulphur, and other poisonous minerals, which will produce headache, paralysis or insanity, but a harmless preparation, free from sediment, easily applied and in a brief space of time restoring the hair or whiskers to their natural color. Beecher Tilton Scandal.

THE COVENANT.

The slanders against Henry Ward Beecher, in connection with what is known as the Tilton scandal and the silence of all the parties concerned in it, and the mystery which has induced the publication by the custodian of the paper of the following remarkable document, which was, May 30th, given to all the New York papers for publication

It is high time that the torrent of slander against Henry Ward Beecher be arrested. I have in my possession a copy of a disavowal of all the charges and imputations against Mr Beecher ever made by Henry C Bowen, which was executed on the 2d of April, 1872. Without Mr Beecher's knowledge, I have held this in my hands from that time to this. And now, without his knowledge, I give this document to the world, and estop and convict the principal offender against truth, public decency, and the rights of reputation. My inducement to do this is the fact that Mr. Bowen has of late repeatedly declared that he had never disavowed his charges against Mr. Beecher, but that he yet insisted on their truth. And now the public can understand the brave silence which the great preacher has kept under this protracted storm of slander. He had convenanted to bury the past, and to maintain peace and brotherhood. The violation of that agreement by Henry C. Bowen unseals my mouth, if it does not open the lips of the pastor of Plymouth Church. SUFFOLK.

NEW YORK, May 29, 1873.

THE DISAVOWAL.

We three men, earnestly desiring to remove all causes of offense existing between us, real or fancied, and to make Christian reparation for injuries done or supposed to be done, and to efface the disturbed past, and to provide concord, good-will, and love for the future, do declare and convenant each to the other, as follows

I. I, Henry C. Bowen, having given credit, perhaps without due consideration, to tales and innuendoes affecting Henry Ward Beecher, and being influenced by them, as was natural to a man who receives impressions suddenly, to the extent of repeating them, (guardedly, however, and within limitations, and not for the purpose of injuring him, but strictly in the confidence of consultation,) now feel that therein I did him wrong. Therefore I disavow all the [illegible] and imputations that have been attributed to me as having been by me made against Henry Ward Beecher; and I declare, fully and without reserve, that I know nothing which should prevent me from extending to him my most cordial friendship, confidence, and Christian fellowship. And I expressly withdraw all the charges, imputations, and innuendoes imputed as having been made and uttered by me, and set forth in a letter written to me by Theodore Tilton on the first day of January, 1871, (a copy of which letter is hereto annexed,) and I sincerely regret having made any imputations, charges, or innuendoes unfavorable to the Christian character of Mr. Beecher; and I covenant and promise that for all future time I will never by word or deed recur to, repeat, or allude to any or either of said charges, imputations, and innuendoes.

II. And I, Theodore Tilton, do, of my free will and friendly spirit toward Henry C. Bowen and Henry Ward Beecher, hereby [illegible] that I will never again repeat by word of mouth or otherwise any of the [illegible] or imputations, or innuendoes [illegible] in my letter hereunto annexed, or [illegible] injurious imputations or allegations suggested by or growing out of these; and that I will never again bring up or hint at any cause of difference or ground of complaint heretofore existing between the said Henry C. Bowen and myself, or the said Henry Ward Beecher.

III. And I, Henry Ward Beecher, put the past forever out of sight and out of memory. I [illegible] at the causes of suspicion, jealousy, and estrangement which have come between us. It is a joy to me to have my old [illegible] for Henry C. Bowen and Theodore Tilton restored, and a happiness to me to resume the old relations of love, respect, and [illegible] to each and both of them. If I have said anything injurious to the reputation of either, or have detracted from their standing and fame as Christian gentlemen and members of my church, I revoke it all, and heartily covenant to repair and reinstate them to the [illegible] of my power.

H. C. BOWEN,
THEODORE TILTON,
H. W. BEECHER.

LYON'S
KATHAIRON

Only 50 Cents per Bottle.

It promotes the GROWTH, PRESERVES the COLOR, and increases the Vigor and BEAUTY of the HAIR.

OVER THIRTY YEARS AGO LYON'S KATHAIRON FOR THE HAIR was first placed in the market by Professor E. Thomas Lyon, a graduate of Princeton College. The name is derived from the Greek "KATHRO," signifying *to cleanse, purify, rejuvenate, or restore.* The favor it has received, and the popularity it has obtained, is unprecedented and incredible. It increases the GROWTH and BEAUTY of the HAIR. It is a delightful dressing. It eradicates dandruff. It prevents the Hair from turning gray. It keeps the head cool, and gives the hair a rich, soft, glossy appearance. It is the SAME in QUANTITY and QUALITY as it was over a QUARTER of a CENTURY AGO and is sold by all Druggists and Country Stores at only 50 Cents per Bottle.

DR. GIBBON has the pleasure of announcing that he has returned from visiting the principal [illegible] of Europe, and [illegible] practice at his Dispensary, 623 Kearney street, [illegible] San Francisco, where his old patients and others [illegible] his services. [illegible]

The Doctor has [illegible] and has returned with [illegible] for the alleviation of human suffering.

Horrible Diseases.

How many thousands of persons, both male and female, are there who are suffering out a miserable existence from the effects of secret indulgences, or from [illegible] absorbed into the system! Look at their pallid, [illegible] and disfigured faces and their broken-down constitutions, disqualifying them for the happiness of marriage or the enjoyment of life. In this horrid situation thousands suffer until death closes the scene. Let parents, guardians, friends, attend to those who are suffering with any of these [illegible] and destroying [illegible] they are cured and cured before it be too late, [illegible] them to apply to DR. GIBBON, a physician who has made private diseases his especial study for years, and who is certain to cure the most inveterate cases, without mercury or any injurious drugs. It is important to those who are [illegible] who are interested in the welfare of their friends, to be careful of the many pretended doctors who infest all cities, publishing their skill in curing all [illegible] in a few days, imposing upon the public by using the names of [illegible] physicians [illegible] and other [illegible]. Be therefore careful and make strict inquiry, or you may fall into the hands of [illegible]

Seminal Weakness.

Seminal Emissions, the consequences of self abuse. This solitary vice, or [illegible] sexual indulgence, is practiced by the youth of both sexes to an almost unlimited extent, producing with unerring certainty, the following train of morbid symptoms, unless combatted by [illegible]: [illegible] Sallow or [illegible] dark spots under the eyes, pain in the head, ringing in the ears, noise like the rustling of leaves and rattling of chariots, uneasiness about the loins, weakness of the limbs, confused vision, blunted intellect, loss of confidence, [illegible] in approaching strangers, a dislike to form new acquaintances, disposition to shun society, loss of memory, hectic flushes, pimples and various eruptions about the face, furred tongue, fetid breath, coughs, consumption, night sweats, [illegible]. If [illegible] not obtained [illegible] apply immediately, either in person or by letter, and have a cure [illegible] by [illegible] and [illegible] [illegible] during this [illegible] Dr. G. will give One Hundred Dollars to any person who will prove [illegible] of [illegible] of the San Francisco [illegible]

MARRIAGE.

Or those who contemplate marriage, who are [illegible] under any of these fearful maladies, should not forget the [illegible] ability [illegible] to obtain [illegible]

DOCTOR GIBBON is [illegible], and will give to the patient a written instrument, binding himself to effect a radical and [illegible] cure, or make no charge.

CURED AT HOME.

Patients at a distance may be CURED AT HOME, by addressing a letter to Dr. Gibbon, stating case, symptoms, length of time the disease has continued, and [illegible] apply as [illegible] and [illegible] secretly, to any part of the country, with full and plain directions. By inclosing Ten Dollars in a [illegible] letter through the Postoffice or through Wells, Fargo & Co., [illegible] will be forwarded to any part of the [illegible]

All [illegible] strictly confidential.

Caution to the Unfortunate.

Beware of the San Francisco quacks and pretenders who, with bogus sworn-to certificates, dupe the unwary. Some of the self-styled doctors, whose names are to be found in the daily and weekly newspapers of San Francisco instead of their places, are tradesmen and became too lazy to work at their trade. Some are blacksmiths, harness makers, newspaper carriers, intelligence office keepers, etc. The only way to avoid imposition is to make inquiry—it will cost you nothing, and may save you many regrets; for, as advertising physicians in eight out of ten are bogus, there is no safety in trusting any of them, until you know who and what they are. Dr. Gibbon does not deceive people by exhibiting bogus titles, certificates, pretended patients' letters, etc. Dr Gibbon will satisfy persons who may call at his offices of his ability to treat diseases that he proposes to cure.

Address DR. J. F. GIBBON, 623 Kearney street, corner Commercial, San Francisco, Post Office Box 1,957.

REMEMBER TO PUT BOX 1,957 ON THE LETTER
